BENTON COUNTY SOLID WASTE DISTRICT

RURAL RECYCLING DROP OFF PROGRAM

The District provides recycling collection trailers at various locations throughout the county.

Drop off allowed 24 hours/day, 7 days/week (unless otherwise specified).

TRAILER LOCATIONS:

Centerton 5702 Brookside Road South of McDonalds	**Decatur** 310 Maple Avenue Behind Decatur City Hall	**Garfield** 14639 S. Wimpy Jones Road Next to Hamilton Park
Gentry 413 West Main Street Across from the park	**Gravette** 800 Plant Access Road By the Ball Fields	**Bentonville Composting** 2000 NW A St. Open Mon-Sat, 8am-4pm

ALLOWED MATERIALS:

ONLY the items listed below may be deposited into the collection trailers. We appreciate your *desire* to recycle EVERYTHING. However, we ONLY collect those materials that **can actually be recycled** once collected on these trailers. PLEASE do not contaminate the truly recyclable materials by placing other unacceptable items in the trailers!

Trailers are designed for normal "household quantities" of materials. Anyone with a large volume must deliver that material to a manned drop off center (see list on reverse side).

PLEASE NOTE: WE NO LONGER COLLECT PAPER ON TRAILERS DUE TO CONTAMINATION.

TYPE OF MATERIAL	PREPARATION TIPS
No. 1 Plastic Bottles & Jugs (PETE) – Must have a "Neck" (base is wider than the mouth) – NO clamshell containers.	Empty and rinse container (if possible) and replace cap loosely. Crush container as flat as possible.
No. 2 Natural HDPE Bottles & Jugs Must have a "Neck" (base is wider than the mouth) – NO tubs or wide-top containers.	Empty and rinse container (if possible) and replace cap loosely. Crush container as flat as possible.
No. 2 Colored HDPE Bottles & Jugs Must have a "Neck" (base is wider than the mouth) – NO tubs or wide-top containers.	Empty and rinse container (if possible) and replace cap loosely. Crush container as flat as possible.
Aluminum Beverage Cans (magnet will NOT stick)	Empty and rinse container (if possible); crush container.
CARDBOARD MIX - Corrugated Cardboard, Boxboard (Chipboard) & Brown Paper Bags – DOES NOT include: • cardboard with food or other residues on it • soda, beer, or other beverage case boxes	Remove **ALL** packaging materials from inside boxes such as plastic, styrofoam, etc. **Flatten boxes**. You may also have to fold over-sized boxes to fit them through the trailer slots.
Glass Bottles and Jars - DOES NOT include flat glass, window or mirror glass, ceramic, cookware, bulbs, etc.	Empty and rinse container (if possible) and replace cap loosely. No need to remove labels. May be in separate bins for **Green & Blue, Brown, Clear**
Steel Cans (magnet will stick to this) - DOES NOT include other types of metal such as pots, pans, etc.	Rinse container and flatten if possible. No need to remove labels.

NEVER place your material on the ground or on top of collection trailers! Trailers are switched out on a schedule each week. If one or more of the containers or the trailer is full, please take your material back with you and return another time.

Don't cancel out your positive recycling contributions by depositing unacceptable materials or illegally dumping material onto the ground and causing litter. These behaviors increase program costs and could cause the program to be canceled.

Information valid as of 1/1/2026 and subject to change without advance notice.

BENTON COUNTY SOLID WASTE DISTRICT

MANNED DROP OFF LOCATIONS

Please contact these sites directly for information on materials accepted.

LARGE ITEM RECYCLING

The District accepts certain large items for recycling from Benton County households through our Special Waste Drop Off Program. Fees may apply.

These items include:

- Electronics
- Tires
- Metal Items
- Appliances (whether or not manufactured to contain refrigerant)

CURBSIDE COLLECTION OF RECYCLABLES

Most cities in Benton County have contracts with a waste hauler that includes residential curbside collection of recyclable materials. Contact your city administration or your waste hauler directly for info.

DOCUMENT SHREDDING

Available for a fee at Bella Vista Recycling Center and AIM Document Management in Lowell.

BUSINESS RECYCLING

Businesses and other non-household sites may be able to contract with a waste hauler to provide a special on-site collection bin for your recyclable materials for a fee. For information, contact your waste hauler directly or contact the District at (479) 795-0751 for a list of waste haulers that provide service in your area.

The District also accepts certain large items from businesses and other non-household sites. Fees may apply. These items include:

- Electronics
- Tires
- Metal Items
- Appliances (whether or not manufactured to contain refrigerant)
