Not Accepted: Lumber, landscape timbers, railroad ties, rock, dirt, concrete, asphalt, etc.

PRICE

\$12.00 per cubic yard

(\$12.00 minimum per load)

Load volumes are measured by district staff and volumes calculated using material height X width X depth ÷ 27 cu ft

PAYMENT OPTIONS - APPLICABLE FEES DUE AT TIME OF DELIVERY

- **Check** – ONLY if check has Benton County Address and current Government-issued Photo ID matches name on check (if business check: you must provide proof of employment with business).
- **Credit or Debit Card** - ONLY with current Government-issued Photo ID matching name on card. Processing fees will apply.
- **Cash** - **exact change required**. No change given! District staff will not be able to break your bills into smaller bills. If applicable, cash in excess of your fees will be listed as a donation on your receipt.

FREE MULCH AVAILABLE

Customers must load their own mulch.

CITY DROP OFF LOCATIONS

Check with your city to see if there is a local city-operated drop-off location. Households within the City limits of Bentonville and Rogers may use their city facility (shown below) for free drop off of residentially-generated yard waste. Photo ID and utility bill may be required. Please call the facility directly to confirm your options.

Bentonville Composting Facility
2000 NW A Street
(479) 271-5954

Rogers Yard Waste Facility
2307 N Arkansas St.
(479) 621-1140

RESIDENTIAL CURBSIDE COLLECTION

If you live inside the city limits of the following cities, your waste hauler may provide an option for a special yard waste cart for weekly collection. Please contact your hauler for pricing, rules and to establish service.

Lowell	LRS/Orion Waste – call (479) 878-1384
Rogers	LRS/Orion Waste – call (479) 878-1384

OTHER OPTIONS

Use in Place:

The most effective and inexpensive way for you to manage your yard waste is to use conservation practices such as:

1. Cutting your grass more frequently without bagging it, referred to as grass-cycling.
2. Mulch leaves in place with your lawn mower to put valuable nutrients back into your soil.
3. Implement a home composting area. Gather leaves and other yard waste and kitchen scraps into a compost pile. Let decompose and then use on your garden and lawn next growing season. For guidance on setting up your own composting area, please contact the U of A Cooperative Extension office or visit their website at www.uaex.edu/yard-garden/vegetables/compost.aspx.

Outdoor (Controlled) Burning:

You may consider burning of yard waste materials if safe to do so. **Notify the County before burning by calling 479-273-5530.** Only the burning of yard waste and agricultural clearing operations are permitted. You must stay with the fire until it is out. If you encounter any problems during the burn please call 911. You cannot burn household trash, tires, chemicals, construction, demolition or salvage waste, wood or lumber (treated or untreated). The open burning of anything not specifically exempted is considered a violation of state law.

Disposal:

EcoVista Landfill Composting Facility
2210 WM Drive, Springdale
